

School of Electrical & Electronics Engineering

Pre-Conference Workshop @ RfCoN 2025

Sponsors

Date : 18 June 2025

Venue : SASTRA Deemed University
Tirumalaisamudram
Thanjavur - 613401

Who can attend?

Engineers, researchers, faculty and students interested in RF, Microwave, Antenna and related fields

About the Workshop

Kick-start your RfCoN 2025 experience with an intensive Pre-Conference Workshop designed to deliver practical, hands-on training in key RF communication technologies. These sessions which run parallelly, are led by industry experts and focus on real-world applications using state of the art tools and measurement techniques.

Participants can choose any one of the four given tracks tailored to different aspects of RF engineering

Industry Experts

Track 1: Keysight

ADS-EMPro-RFPro Workshop

Mr. Harshit

Senior R&D Engineer, Keysight Technologies, Bangalore

Track 2: CST Studio Suite

Beamforming and Beam Steering

Mr. Praveen Kumar Palaniyappan

Application Engineer, Advanced Reality Solutions, Delhi

Track 3: Tekiknow

Fundamentals of EMC and Requirements for Pre-Compliance Testing

Mr. Sridhar G

Chief Executive Officer (CEO), Tekiknow Technologies
India Pvt Ltd

Track 4: Mathworks

Advanced Antenna Design Using MATLAB:
From Theory to Practice

Ms. Tharrini Raj

Customer Service Engineer, MathWorks, Chennai
