Classes

The classes for Minor courses will be held as per the fixed timetable of the offering department

Disclaimer

- A particular field of study will be offered as a Minor if, and only if, there are adequate number of students showing interest in that field of study.
- Based on the response of the students, the final list of Minors will be released for subsequent course registration.
- Students can register for a Minor course as and when it is offered by the respective departments.
- Only students who satisfy a set of minimum eligibility criteria set forth by the university and meet certain prerequisites, will be permitted to opt for a Minor. The decision of the Department offering the Minor will be final and binding.

Minor Concept

- The Minor certification is independent of the regular (Major) field of study.
- Minor is optional.
- Mandate of 18-20 credits for successful completion.

“IF YOU CAN DREAM IT,
YOU CAN DO IT.”
