Smart Sensors and Devices for Agriculture (21ECE203J)

Zeroth Review of the mini project

18.01.2024

As informed earlier, the Zeroth review for the mini project for the course Smart Sensors and Devices for Agriculture (21ECE203J) will be held **on 22.01.2024**. Therefore, the students are informed to make the Powerpoint slides ready in the following sequence:

1. Title of the project
 - a. Should also include name of the team members
 - b. SDG addressed
2. Motivation behind the project (Should justify with statistics)
3. Existing methodology
4. Proposed methodology
5. Gantt Chart (Schedule of the project)

Note:

1. No Paragraphs are entertained
2. All the information shall be given in bulleted points
3. All the team members shall present the contents

The rubrics based on which the team will be assessed in the Zeroth review is as follows

S. No.	Title given before the deadline	Novelty of the project	Communication	Total
	5 marks	10 marks	10 marks	25 marks
