

## FREE! Get Certified on Oracle Fusion Cloud Applications Foundations

We are excited to announce the launch of the free **Oracle Fusion Cloud Applications Foundations Training and Certification** program.

Are you a college student eager to gain in-demand skills in cloud technology and business applications? Oracle is offering **free training and certification** in **Oracle Fusion Cloud Applications Foundations**, designed to help you build expertise in AI, analytics, and modern business processes.

The Oracle Fusion Cloud Applications Foundations training and certifications are available in [Oracle MyLearn](#):

HCM Foundations  
Associate (5+ hrs)

ERP Foundations  
Associate (6+ hrs)

SCM Foundations  
Associate (8+ hrs)

CX Foundations  
Associate (4+ hrs)

Topics include:

- Overview of Fusion Applications & Key Modules
- Introduction to Oracle Modern Best Practices (OMBPs) - OMBPs are reimagined, industry-standard business processes built into Fusion Applications and powered by modern Oracle technologies such as AI and ML.
- Oracle Cloud Success Navigator
- Preparation for the Fusion Foundations Associate credential

This program is perfect for students looking to:

- ✓ Gain industry-relevant cloud technology skills
- ✓ Boost their resumes with an **official Oracle certification**
- ✓ Learn how to optimize business processes using **Oracle Modern Best Practice (OMBP)**
- ✓ Prepare for careers in HR, Finance, Supply Chain, and Customer Experience.

Win prizes!

- Participate in the Oracle Cloud Applications Skills Challenge to win awards and prizes (available now until May 15, 2025).
