Subject: Mandatory Enrollment in NPTEL Courses for the Current Semester

It is hereby informed to all students of Faculty of Engineering and Technology, SRM Institute of Science and Technology, Tiruchirappalli, that enrollment in relevant NPTEL (National Programme on Technology Enhanced Learning) courses is **mandatory** for all courses you have registered for in the current semester.

Guidelines for Enrollment

1. Students must select NPTEL courses that align with their current academic curriculum.

2. Enrollment should be completed before the deadline specified by NPTEL for the respective semester.

3. Active participation and successful completion of the courses will be monitored and considered part of your academic performance.

Importance of NPTEL Courses:

- Enhances understanding of core subjects through online learning.

- Provides certification from reputed institutions.

- Improves career opportunities and skill sets in line with industry standards.

For any assistance with registration or queries regarding the courses, kindly reach out to your respective department coordinators.

Let us utilize this opportunity to achieve academic excellence and stay ahead in learning.

Dean
3/1
